Novel Chapter 71 To 80 PDF

Chapter 71: Jian Qi Is So Popular

With 'King of Guns' release, Jian Qi's display of her talent made her rise to fame. As such, the academy that she applied to would surely become the focus of the mass media and her fans.

However, there was no news from any of the performing arts colleges. It was quite unexpected.

Jian Qi's acting skills were excellent and everybody could see that clearly. She had even received the highest score in her art subjects. Surely, every performing arts college would compete to recruit her as one of their students. Surprisingly, there was no news about it whatsoever.

Some people contacted Coco but there was still no news.

The new term in the defense academy was about to begin.

Jian Qi only carried a single luggage bag compared to the others who went to the academy with a variety of small and large luggage bags.

She was assigned to a dorm for four students. When she reached the dorm, the other three roommates were already there.

They turned to look at her. "Are you Jian Qi?!"

A short-haired girl was rather excited as she threw that question at Jian Qi.

Jian Qi nodded and said, "Hello."

"Hello, I'm Zhang Xiao. Just call me Xiaoxiao."

The short-haired girl was rather lively.

"I'm Mu Zi." Another long-haired girl smiled and said. Her features were beautiful. She seemed very gentle.

Jian Qi greeted them both. After that, she saw another girl who was tidying up her luggage in the dorm.

“Hello, I’m Jian Qi. May I know what your name is?” Jian Qi said to that girl.

The girl stopped what she was doing. She then turned and looked at Jian Qi calmly, but she did not respond.

Was it just her illusion? Jian Qi felt that the girl seemed to have given her a glance filled with a weird sense of hostility.

But, this was the first time they were meeting each other.

“She’s Chu Yu.”

Zhang Xiao smiled and said as she could feel that the situation had become quite awkward.

Jian Qi smiled and said nothing.

Everybody was gathered together as it was time for them to be divided into different classes.

There would be a main assessment after three months. Then, they would be divided accordingly once more. Meanwhile, they would have a second assessment during the three months’ time. After three months, they would be able to know who had the potential to stay.

The four of them were in the same class. Zhang Xiao was rather excited while Mu Zi merely smiled gently. On the other hand, Chu Yu did not show much emotions.

After they had been arranged accordingly, they went to their respective classes as per the arrangement.

Jian Qi reached her class only to see everybody staring at her.

She was quite famous recently because ‘King of Guns’ was still being broadcasted. Without a doubt, a lot of students were her fans.

They surrounded Jian Qi happily and greeted her in a friendly manner. Moreover, some rather fanatic fans asked for her signature. Soon, the entire classroom became noisy and lively because of Jian Qi.

Some students from another class beside theirs came over as well. The entire classroom was soon crowded.

It seemed like a mini fan meeting.

“Jian Qi is so popular!”

Zhang Xiao said admiringly. She looked at Jian Qi who was now surrounded by a lot of people.

Mu Zi smiled gently and nodded. “It’s true that she acted well. I rather like the character, Lady Kao, that she portrayed.”

Chu Yu said nothing. She looked at Jian Qi placidly. However, there was a disdainful look in her eyes. She then came to her senses and looked away. It was as if Jian Qi was just a nobody to her.

She found it sarcastic and hilarious. Did she think that she was still a popular celebrity now that she was here?

Chapter 72: He Is Just Like His Name!

A beautiful girl who had no talent should stay where she belonged. Why did she come here? Did she yearn for more attention?

Jian Qi walked toward Mu Zi and the gang. The others followed closely behind her.

Chu Yu frowned. “Go someplace else if you want to show off. Don’t assume that everybody likes you!”

She did not say it harshly but rather calmly. However, it was filled with sarcasm.

Jian Qi smiled placidly. Her assumption was right. Chu Yu did indeed dislike her!

She leaned against the chair lazily and looked at the other students in front of her. She smiled faintly and said, "You will soon be exhausted standing there for so long. Go look for a place to sit. If you want my signature, I'll sign them for you!"

The others screamed in excitement.

Chu Yu smiled coldly. She grabbed her things and left without a word. Then, she walked toward the furthest place from them and took a seat.

"Come forward if you want my signature. Then, return to your respective classes or seats once you get my signature. If not, the instructor might beat you up with his small whip when he comes."

Jian Qi smiled nonchalantly while using her pen to sign for them swiftly.

Zhang Xiao looked at Jian Qi fooling around with the others.

On the other hand, Chu Yu was sitting all alone by herself. Somehow, she felt that Jian Qi was in the wrong for what had happened. She then said to Mu Zi, "I'll go and sit beside Chu Yu."

Mu Zi smiled gently and nodded in response.

She understood what had happened clearly. If Chu Yu did not speak sarcastically just now, Jian Qi would not react like that.

Therefore, it was not entirely Jian Qi's fault.

Then, a cold voice interrupted them. "Why are you all standing there? Go back to your own seats!"

The crowd looked toward the owner of the voice and saw a familiar figure. Their facial expressions changed. They quickly either returned to their respective classes, or sat down on their own seats obediently.

Jian Qi did not look up when she heard that familiar voice. Her lips curled into a mysterious smile.

'Oh! Our fates are surely intertwined!'

'Instructor Tang, how are you?'

A man in camouflage clothing was standing on the platform. He stood strong and firm just like a flag pole. His aura was so powerful and stern that the entire classroom soon fell into a deep pit of silence.

Seeing that everybody was serious, Tang Jinyu said, "I'm sure that everyone is quite familiar with me. However, I have a new identity now so let me introduce myself. I'm Tang Jinyu and you can call me Instructor Tang from now on. I'll be your main instructor. If you have any problems, you can come and see me. Now, we'll start with your attendance..."

Jian Qi raised her eyebrow slightly while glancing at the man in front of her.

'Tang Jinyu!'

'He is just like his name!'

"Now, everybody get ready! Gather at the field in five minutes' time! If you're late, you need to do a hundred push-ups!" Tang Jinyu said coldly.

Everyone was stunned.

How could he begin the class with something so harsh?

In a split second, everyone scrambled to their feet and rushed to the field.

Mu Zi nudged Jian Qi. "Jian Qi, why are you still standing there? Come on, let's go..."

"You go first. I'll come later..." Jian Qi smiled playfully. Then, she walked toward Tang Jinyu.

Chapter 73: I'm Not a Weak Person

Chu Yu was about to leave the classroom as well. However, she frowned and stopped in her tracks when she saw what Jian Qi was doing.

The others did not notice Jian Qi's movements. Everybody was rushing out of the classroom.

Tang Jinyu could not help but frown when he saw somebody walking toward him.

“Hi...” Jian Qi curled her lips and smiled playfully at him. “Tang..., you really did simply make up your name.”

Tang Jinyu took a look at his watch. Then, he said coldly, “You still have three minutes and fifty seconds. Are you sure that you want to waste it on spewing nonsense?”

“You came here to become an instructor. Coincidentally, you’re my instructor. Just be frank with me, do you like me? So, you’ll be wherever I am, is that so?”

Jian Qi smiled wickedly. She approached Tang Jinyu and slanted her body. After that, she smiled and said, “You can tell me. It’s not embarrassing!”

Tang Jinyu looked frigid. He stared at her coldly. He sounded very frosty and haughty. “Do you still remember what I told you?”

Jian Qi was stunned. “What?”

“I remember telling you that I’ll let you know what the meaning of hell is.”

Tang Jinyu was still staring at her coldly. “Do you think I’m joking with you right now? You still have a minute and a half. Good luck!”

Tang Jinyu then walked toward the door in big strides. He saw Chu Yu who was still standing at the back door. He could not help but frown. However, he said nothing. He merely walked away faster.

Jian Qi raised her eyebrow. ‘Oh! It seems that I’ve annoyed him quite a bit.’

‘Hmm...’

‘Should I control myself a little?’

Looking at Tang Jinyu from the back, Jian Qi felt that Tang Jinyu would not treat her any better even if she were to refrain from annoying him.

There were always two sides to a story.

She was rather eager to see how hell looked like!

Jian Qi turned around and tilted her head to look at Chu Yu who was still standing by the door. She frowned slightly. Everybody had already left the classroom. Why was she still standing there?

Jian Qi ignored her. Then, she walked out of the classroom quickly.

When she reached the door, Chu Yu blocked her path.

Jian Qi stopped walking. Then, she looked at her coldly. She said nonchalantly, "Do you need something?"

"Jian Qi, this place is not the entertainment circle. Not everybody likes you. Don't be smug over the fact that you're a star. I'm telling you, you better leave this place as soon as possible!" Chu Yu warned her stonily.

"Who are you?" Jian Qi smiled playfully. It seemed like she was not bothered by the person in front of her.

Chu Yu's facial expression darkened. "Jian Qi, we'll see about that. You'll be kicked out of the defense academy soon enough!"

Jian Qi smiled rather widely. "What's your problem with me? It doesn't matter though, because a lot of people are hostile toward me. You're not the first. Surely, you'll not be the last. By the way, everybody is jealous and envious of geniuses!"

"How shameful!"

Chu Yu said coldly. Her eyes were filled with disdain for Jian Qi.

Jian Qi could not care less. She still had on that playful smile of hers. "Now, there's only thirty seconds left. What do you think? Who will do a hundred push-ups later on?"

Chu Yu's face darkened. She turned around and was about to leave but someone grabbed hold of her clothes.

"What are you doing? Let me go!" Chu Yu warned frostily.

"No way!" Jian Qi smiled.

“Let go!” Chu Yu tried her best to lunge forward in order to free herself from her grasp. She shouted angrily, “Let me go now!”

“Oh, fine!”

Jian Qi smiled calmly. She released her tight grasp when Chu Yu was struggling vigorously to free herself.

Chu Yu fell forward harshly because of the momentum and nearly fell down on the floor!

When she managed to get her footing, Jian Qi had turned around and was jumping lightly down the stairs. Now, she was standing downstairs and challenging Chu Yu with a reckless warning, “I’m not a weak person! I won’t stand by and allow anybody to bully me!”

Chapter 74: What Do You Need the Stones for?

Tang Jinyu took a look at the crowd that had gathered before him. He was expressionless and he did not show any emotions.

Feng Yi stood beside him and he was holding a stopwatch in his hand. There were ten seconds left, and there were still two people who had not arrived yet!

The students who were standing there did not know that Feng Yi would be there too.

It seemed that there would be a lot of people who would be kicked out from the class!

Three...

Two...

Right before Feng Yi pressed the stopwatch in his hand, Jian Qi arrived with lightning speed.

Her speed was as fast as the wind!

They could almost see a double image of her!

He looked at Jian Qi in a rather shocked manner. Then, he pressed on the stopwatch.

Right on time!

Her timing was just right.

Chu Yu appeared at the entrance of the field at that moment.

She ran toward them quickly but she was late.

“You’re thirty seconds late!” Feng Yi looked at the time.

Tang Jinyu spoke without any facial expression. “Do a hundred push-ups now!”

His cold voice revealed zero emotions.

Chu Yu spoke up, “Instructor, I have a report to make!

“I’m late because Jian Qi stopped me just now. That’s why I’m late!”

Chu Yu stared at Jian Qi coldly. It seemed as if she would rush forward and bite Jian Qi at any moment.

Jian Qi stared placidly in the front her, as if the matter did not involve her.

One would think that Chu Yu was not talking about her!

Tang Jinyu looked at Chu Yu coldly. He completely ignored whatever she said. “A hundred push-ups!”

Chu Yu did not think that Tang Jinyu would only punish her and not punish Jian Qi as well. She was displeased. “Instructor, It’s unfair! You’re clearly biased!”

“If you’re unhappy about it, you can return to your dorm, pack up your things and leave the academy now!”

Tang Jinyu showed no emotion whatsoever as he said so coldly. His strong and powerful aura forced Chu Yu into silence.

Chu Yu turned around and glared at Jian Qi angrily. Then, she went down and started doing her push-ups.

Tang Jinyu then scanned the crowd frigidly. "What you have to do is obey the orders, complete your tasks and accept the punishments. Don't give me all sorts of excuses. Don't you ever play tricks in front of me!"

Tang Jinyu said that while pacing to and fro in front of them. Now, he was standing in front of Jian Qi.

Jian Qi remained calm. Was what he said not meant for her?

Tang Jinyu retracted his cold stare, and walked to stand right in front of them all.

Feng Yi went forward and said, "From today onward, I'll be your associate instructor. Make sure you bring your A game!"

"Now, everyone go and take a backpack. Begin your five-kilometre run with a load!"

Everyone then took a backpack and ran quickly toward the back of the mountain.

Feng Yi approached Tang Jinyu and stood beside him when everyone had left. He could not help but say, "Boss, can you be gentler to our goddess?"

Tang Jinyu raised his eyebrows slightly. He seemed cold. "This is a defense academy. Where do you think we are?"

"Of course I know it's an academy!"

"Feng Yi!"

"Yes!" Feng Yi stood at attention.

"Come here!" Tang Jinyu walked toward the ATV and grabbed a backpack from inside the car.

"Go and fill it up with stones!"

Feng Yi did not understand why but still he obeyed his order.

The backpack was soon filled with stones. It was rather heavy.

“Boss, what do you need the stones for?” Feng Yi asked curiously. He was smiling brightly.

Tang Jingyu was inside the car now. He stared at Feng Yi coldly, “Follow me!”

Then, he stepped on the pedal and drove off speedily.

Feng Yu stared at the back of the car in utter shock and disbelief. Why?!

Chapter 75: What Did I Owe You in My Previous Life?

Feng Yi thought that he could get closer to his goddess now that he had the chance to be the instructor for a few days at the academy. He wanted to get to know her better.

But, what was he doing now?

He had no choice but to carry the backpack and run after them.

They were just a group of new soldiers. Even though their stamina was much better than ordinary people, they were still a group of young masters and young misses who grew up in nice and comfortable environments. They started to get tired after running for a short while.

Feng Yi soon caught up to them.

Tang Jinyu grabbed the loudspeaker and gave his command stonily. “The associate instructor is running with you. From now on, you need to run another three kilometres if you’re slower than the associate instructor by five metres!”

With his orders, everyone threw pleading glances at Feng Yi who seemed to be relaxed and calm.

Feng Yi smiled softly. He was just as warm as the spring breeze for them.

Jian Qi was running at the front of the group. Feng Yi soon caught up to her. Before he could speak to her, Tang Jinyu’s cold voice was heard again.

“Associate instructor, if the distance between you and the others is within five metres, you need to run another ten kilometres!”

Feng Yi's smile froze.

'Boss, what are you doing?'

'Are you fooling around with me?'

He was just about to inquire about his goddess's well-being...

"Come on!" Feng Yi said to Jian Qi.

Jian Qi smiled. "Associate instructor, you better be careful!"

The beautiful lady smiled and it seemed like the sunlight had become even more dazzling because of her smile. Feng Yi felt that it was nothing for him as long as he could chat with his goddess.

He trained himself in the same way on a daily basis.

However, to think about it from a different perspective, if he could not even beat the new soldiers in a running course, would his goddess not look down on him?

Then, he quickened his pace.

Jian Qi remained calm, increased her speed and soon caught up to him.

Chu Yu's expression darkened. How could she allow Jian Qi to have all the fame by herself? She quickened her pace and pursued after them.

Feng Yi's speed was very fast but Jian Qi was not weak either.

Feng Yi kept an eye out for Jian Qi who was behind him. However, no matter how fast he ran, Jian Qi could always catch up to him.

Their distance was maintained at three metres apart.

Chu Yu was still pursuing after them relentlessly. As time passed by, everybody was exhausted. They were very tired as they were pursuing Feng Yi relentlessly. The distance between them soon became wider.

On the other hand, Jian Qi was still narrowing the distance between her and Feng Yi!

Chu Yu frowned. She was clearly surprised at Jian Qi's good stamina and her ability to run.

"Associate instructor, are you waiting for me?" Jian Qi caught up to Feng Yi and said playfully.

Feng Yi looked at her with a shocked expression. "What did you do other than acting in the past?"

She was so good at running!

"Nothing! I was bored recently so I ran up and down the stairs for fun. I never thought that it'll come in handy today. Associate instructor, can you slow down your pace slightly for me?"

Jian Qi felt that she should not annoy all the instructors. At least, Feng Yi seemed to be quite nice and friendly.

"Associate instructor, I think that ten kilometres is just too short a distance for you. If you cannot put yourself apart from the group with the distance I mentioned earlier, I'll let you have another ten kilometres!"

Tang Jinyu's cold voice came from behind them.

Feng Yi was devastated.

'Boss, what did I do to you in my previous life? Can't you give me some time to talk to my goddess?"

"Miss Jian, see you!" Feng Yi then quickened his pace.

Jian Qi curled her lips upward and caught up to him once again.

Feng Yi was troubled as he realized that Jian Qi was pursuing him relentlessly.

Why was she so good at running?

Nobody knew what Jian Qi did during the two-months holiday. She had high intensity training almost everyday including going for runs in order to strengthen her weak body.

Her weak body became stronger.

As such, five kilometres was not a problem for her.

At first, she wanted to remain humble. That was why her result was average when she went through the first assessment.

It was because the others might be envious of her if she appeared to be excellent and outstanding.

However, Chu Yu showed hostility toward Jian Qi without any valid reason. Jian Qi soon understood that keeping a low profile was not a good way to go.

Chapter 76: You Cannot Even Run Faster Than a Novice Soldier

Surely, a lot of people would be hostile toward her given that she was a star.

Why not take the initiative and appear strong rather than allowing the others to gossip about her and find trouble with her? If she could only be admired by them from afar, surely they would not dare to bother her.

She could eliminate a lot of future problems.

As such, she had no choice but to let Feng Yi run for a few more kilometres.

Jian Qi quickened her pace when that thought struck her.

Feng Yi did not expect Jian Qi to run faster than him.

He was slightly stunned when he saw that Jian Qi was now running in front of him.

How could it be? He immediately chased after her.

But still, Jian Qi managed to get rid of him, and Feng Yi was soon way behind her.

Tang Jinyu leaned his hand against the car window. He looked at the girl who was running first in the group. Had she decided not to hide anymore?

Jian Qi...

Then, Tang Jinyu smiled and grabbed the loudspeaker. He said again, "Associate instructor, if you're lacking behind again, I'll make sure you run until you can't feel your legs anymore today!"

Feng Yi was aggrieved when he heard what Tang Jinyu said. He immediately quickened his pace.

However, Jian Qi did not allow him to catch up to her. She still managed to put a metre's distance between them no matter how hard he pursued after her. She did not slow down her pace at all and she was still the first in the group.

Tang Jinyu drove past them in his car. Then, he said coldly to Feng Yi, "It seems like you need to strengthen your stamina. You cannot even run faster than a novice soldier."

Feng Yi was speechless.

How could she run so fast?

Tang Jinyu looked at the girl who was the first to calmly reach the ending point.

"Instructor, is there any reward for the champion?" Jian Qi smiled playfully.

Tang Jinyu looked at her and smirked. "Do you want a reward?"

Feng Yi then arrived at that moment. Tang Jinyu smiled and said, "Why don't I award you with the privilege to supervise the associate instructor on his run later?"

Feng Yi was speechless once more.

'Boss, can you please not do such a thing?'

'It's quite humiliating to lose to my goddess. Now, you are even asking her to supervise the punishment that you have given me. What's wrong with you?'

"Let's forget about the associate instructor. I hope that I can supervise your running one day. That would be better."

Tang Jinyu looked at her coldly. "Wait for it then!"

Jian Qi lifted an eyebrow and smiled serenely.

Feng Yi was annoyed. It seemed that he was being looked down by them.

Not long after, some of the students reached the ending point. Almost all of them collapsed onto the ground out of sheer exhaustion.

Chu Yu glanced at Jian Qi. It was because she saw Jian Qi smiling and chatting with Tang Jinyu just now from afar. What were they talking about?

She could not help but frown slightly.

After some time, everybody had reached the ending point.

Tang Jinyu voiced out without any expression, "Only one student managed to pass. Everyone, continue to run for another three kilometres except for Jian Qi. Five people who are lacking behind need to run with the associate instructor later!"

Everyone was already exhausted from their run. However, it was just a warmup.

Four hundred metres obstacle run, single and parallel bars practice, rock climbing and swimming practice. After an entire day of training, everyone was completely worn out. It felt as if their skin had been peeled off their bodies.

At night, a group of girls rushed into Jian Qi's room when they were resting.

The girl who was leading the group was wearing a singlet. She was tall and strong. The muscles on her hand seemed quite frightening.

"Jian Qi, come out!"

"Jian Qi, come out now!"

A group of girls were shouting loudly.

Mu Zi got up and asked doubtfully, 'Do you need something?'

"It's none of your business! Move aside, ask Jian Qi to come out!" Another girl who was standing at the side raised her hand and pushed Mu Zi aside. Then, she shouted loudly, "Jian Qi, come out!"

Chu Yu was sitting on her bed. There was an indiscernible smile on her face.

Chapter 77: What's Your Problem With Me?

“What’s the matter?”

Jian Qi came out of the washroom at that time. She had just showered and her wet hair was still hanging loosely behind her. She was wearing a camouflage singlet just like everybody else. However, she appeared to be quite dazzling in that singlet. Her beautiful features made her look like a beautiful woman portrayed in a painting.

She was indeed a captivating star from the entertainment circle.

She did not lose her beauty as she grew older. On the contrary, she became even more beautiful the older she became.

The others were stunned. After awhile, they regained their senses. The girl who was leading the other girls spoke first, “Why did you run so fast today? Everybody was punished because of you!”

Jian Qi smirked. She seemed captivating. She spoke condescendingly, “How can you blame others for being smart when you’re the one who’s dumb?”

“You!” The girl was livid.

She was not good with words. She preferred talking with her fists!

She immediately walked toward Jian Qi. Then, she raised her fist and was about to punch Jian Qi.

Her punch was stopped directly by Jian Qi in mid-air.

“You wanna beat me up?” Jian Qi tilted her head and smiled. Her powerful aura was frightening.

The girl was stunned. The way Jian Qi looked right now was rather scary, there seemed to be murderous intents in her eyes.

Clearly, she was afraid of Jian Qi.

Jian Qi flung her hand away and laughed coldly. Then, her eyes swept across all the girls standing before her. "Train up more if you're weak. How shameful you are to come and look for trouble!"

"Jian Qi, do you know who I am?" The girl stood up and looked at her coldly. "I can kick you out of the defense academy anytime I want!"

"Does your family run this school? If not, get lost now!" Jian Qi glared at them, and she seemed rather ferocious now. "I never look for trouble myself. If you truly want to bother me, I'll definitely make you regret it!"

Nobody dared to retort given her strong aura and suppression.

Chu Yu looked at the crowd that was frightened of Jian Qi. She could not help but frown. Her eyes became colder.

Useless!

"Jian Qi, aren't you just an actress? You're not so much better yourself. Even if you got to be first today, do you think that you can stay in the academy?" Chu Yu voiced out sarcastically.

"Isn't there a secret rule in your entertainment circle? You would sleep with literally anybody just to get a role, right?" Chu Yu looked at Jian Qi sarcastically. "That's why you have set your eyes on Instructor Tang now, haven't you? So that you can stay."

"No wonder I saw you approach Instructor Tang today when everybody had left the classroom!"

The others started whispering among themselves.

"Moreover, she was chatting happily with the instructor when she reached the ending point first even though the instructor was not paying attention to her!"

"Sure enough, everyone from the entertainment circle is just as filthy as we thought!"

"Is it possible that she has bribed the instructor?"

"It is possible!"

“Jian Qi is just an actress. How did she arrive first? How suspicious. There might be some unspeakable secrets!”

“Stop talking nonsense! Jian Qi became the champion because of her true ability. Instructor Tang is nothing like what you said. Stop spreading rumors!”

Mu Zi could not help but stand up and advise them.

Zhang Xiao remained quiet. She became a bystander and looked at the girls before her. She could not get on their bad side. Moreover, she felt that they were right in a sense.

Jian Qi seemed weak. She was an actress who was always acting with her crew members. How could she have such good stamina?

What Chu Yu said overturned everybody's opinions.

Jian Qi smirked sarcastically. She glanced at Chu Yu with a faint smile. “What's your problem with me? What do you have against me when we have just met?”

Chapter 78: Is This School Violence?

Chu Yu appeared proud and smug. “I'm just talking about something that happened. I want to remind everyone not to be deceived by you!”

“What a good excuse! Are you a justice envoy?” Jian Qi smirked. “If I'm not wrong, you are against me because of Instructor Tang, right?”

She had always been adept at noticing other people's behaviors and actions.

Jian Qi went to talk to Tang Jinyu today. However, Chu Yu stopped her in her path when she was about to leave. She even blocked the door without any intention of leaving!

Chu Yu was clearly a competitive person. She would never allow herself to make a single mistake during the first practice.

Especially from the warning she gave Jian Qi when she was about to leave the classroom and the way she angrily stared at Jian Qi after the run. Occasionally, she even looked at Tang Jinyu with admiration.

It was obvious. Chu Yu treated Jian Qi as her love rival.

However, she was still confused. That morning, Chu Yu seemed quite hostile toward Jian Qi when they met in the dorm. Had they seen each other before?

Moreover, she had to be with Tang Jinyu at that time!

Chu Yu's facial expression changed slightly after hearing what Jian Qi said. Soon after, she recollected herself and came to her senses. But Jian Qi was able to capture that slight change.

Her guess was right!

"You like Instructor Tang so you were displeased when you saw me talking with him. Now, you have started condemning me. Am I right?"

"No!" Chu Yu shouted coldly. "Jian Qi, you're spewing nonsense!"

Jian Qi smiled and walked toward Chu Yu. She seemed to not have a care in the world. "You're angry right now because what I said is true, right?"

Chu Yu was angry, especially when everybody was looking at her with a weird expression on their faces. Her anger deepened.

"Jian Qi, how dare you!" Chu Yu could not help but stretch her hand out. She wanted to slap Jian Qi.

Jian Qi stepped back and Chu Yu did not manage to slap her.

It was rather humiliating for Chu Yu.

Chu Yu then got down from the bed and stood firmly on the ground. Then, she looked at Jian Qi coldly. "Jian Qi, you created so much trouble for us today. You made us suffer because of the punishment. Now, you are even putting the blame on me. You really belong to the entertainment circle. Your tricks are really cunning! I'm just not as good as you are!"

What Chu Yu said made others come to their senses.

Jian Qi was just an actress who had no status.

On the other hand, everyone was clear about Chu Yu's background and family. Most of the students in the defense academy came from privileged families. Some of them came from common families.

As such, they knew perfectly well what they should do.

Moreover, they did have to go through the punishment that day because of Jian Qi.

They then walked toward Jian Qi.

Jian Qi raised her eyebrow. Were they planning to get her involved in school violence?

Jian Qi smirked and her smile was rather wicked. She started flexing her body to loosen her muscles. Would there be a fight?

She had not fought with other people recently. It was just the right time for her to give it a trial run!

"What are you doing?"

A cold voice was heard from the door when everyone was getting ready to start the fight.

That familiar voice shocked them. They turned around and stood in attention.

"It's already quite late, why are you all gathered here instead of resting? What are you trying to do?" Tang Jinyu asked them coldly.

"Instructor, we're just chatting!" One of the girls replied.

"Chatting?"

Tang Jinyu smiled at them coldly. How dare they lie to him?

"Gather downstairs in two minutes' time!"

"Run ten kilometres with a load!"

Tang Jinyu said coldly.

Everybody's facial expression fell immediately.

Chu Yu stared at Jian Qi angrily. Jian Qi merely smiled calmly. 'More training? Great!'

Chapter 79: Do You Have to Be So Harsh and Strict?

Everyone was exhausted by the time they were back from the run.

Tang Jinyu looked at them and his voice seemed rather frosty in the dark night. "You can go to bed now. If you can't sleep, we'll continue running!"

"Yes! We can sleep now!" Everybody said.

"Return to your rooms now. If you still want to chat, stay and chat with me!" Tang Jinyu said. "You're dismissed!"

Everyone left the scene in a hurry. Jian Qi walked toward Tang Jinyu slowly. She smiled and said, "Instructor Tang, were you seducing us or fooling with us just now?"

"You can't sleep?" Tang Jinyu looked at her. He seemed quite dangerous.

"The main point here is whether you want to chat with me." Jian Qi smiled playfully. She was trying with all her might to seduce him. "The moonlight is just right. What a romantic night to stand here before the beautiful scene under the moonlight!"

Tang Jinyu turned to leave. Jian Qi smiled and said, "Instructor, didn't you say that you want to chat? Aren't you going to chat with me?"

Tang Jinyu looked at the girl in front of him. The girl's long hair was hanging loosely behind her. Her forehead was stained with some sweat. Moreover, her white pale cheeks were flushed because of the run just now. She was even smiling playfully like a mini gangster. It was rather annoying.

Her exquisite features seemed even more seducing in that way.

Tang Jinyu narrowed his eyes. "Jian Qi!"

"Yes? Do you have a topic in mind?" Jian Qi smiled.

“A hundred push-ups!”

Jian Qi was speechless.

‘Oh my god!’

Tang Jinyu continued on when he saw Jian Qi standing there motionlessly. “You have ninety seconds. If you exceed by one second, you have to do fifty more push-ups! Start now!”

Jian Qi bit down on her lips. ‘What happened to chit-chatting?’

Upstairs, everyone was looking at Jian Qi who had begun to do her push-ups. They were enjoying the moment.

Chu Yu smiled sarcastically. They stared at Jian Qi because they were eager to see her not being able to complete her punishment and she would then be forced to do more push-ups.

However, everyone was stunned when they saw Jian Qi speeding up.

“Sixty five seconds!” Somebody else was keeping track of the time. They were filled with disbelief when they saw Jian Qi completing her push-ups before the time was up.

They were fully aware of what had happened that morning. Chu Yu used almost two minutes to complete her push-ups that morning. Moreover, it was before their training when everyone still had their full stamina!

Now, they were completely exhausted. They could never do a hundred push-ups in less than three minutes.

Chu Yu’s sarcasm turned into frigidity. She tightened her grasp on the handrail subconsciously. She then stared at Jian Qi angrily. Jian Qi was now on her feet once more and she was smiling at Tang Jinyu. After that, Chu Yu turned away angrily.

Jian Qi got up and looked at Tang Jinyu with a faint smile.

“Do you think that I’ll praise you?” Tang Jinyu asked her. “It’s not what I want to see given that you completed the push-ups in such a short amount of time.

Your stamina is good. It seems that we really need to have a good chat tonight!”

Jian Qi was speechless.

‘What kind of chit-chatting is this?’

“Lie down!” Tang Jinyu said stonily.

Jian Qi smiled playfully. “Instructor, do you have to be so open? We’re in a public place right now. Isn’t it shameful?”

“Lie down!”

His voice became so cold that the atmosphere seemed dark and frosty.

Jian Qi raised her eyebrow and she lied down calmly.

“Raise both of your legs. Hold your belly in! Stay like this for half an hour!”

Jian Qi smiled playfully, she suddenly had the urge to beat him up.
“...Instructor, do you have to be so harsh and strict?”

Jian Qi lied down flat on the ground. Then, she raised and straightened both of her legs. She closed her legs and kept them at forty five degrees. Then, she put her hands on the ground, and her palms facing the ground.

Tang Jinyu looked up at the people who were watching the scene from upstairs.

“If you cannot sleep, you can come down now!”

What he said made them disappear in a flash!

Tang Jinyu then glanced at the girl who was still breathing calmly on the ground. “I didn’t think that you would still train even though your time was fully packed with acting!”

“Your body is important for changing your life for the better. Surely, I need to train up my stamina. If not, how can I have the time to discuss life with you here under the moonlight?”

Jian Qi batted her eyelashes at Tang Jinyu. She smiled just like a mini gangster.

“It’s a pity that we don’t have flowers here. But, you’re such a handsome man. Surely, you’re a flower in the military!”

Jian Qi tried all her might to seduce him. “As the saying goes, one who is even more captivating than the flower. That saying is definitely dedicated to you!”

Tang Jinyu could not help but laugh. “Stay like that for another half an hour since you have such a good stamina to fool around!”

Jian Qi was speechless.

‘Tang Jinyu! Damn you!’

Chapter 80: Little Tang Tang, Goodnight

One hour. Jian Qi was about to collapse.

Her forehead was covered in sweat.

Tang Jinyu looked at her calmly. He smiled faintly. “What happened? Aren’t you going to chat with me? Let’s continue chatting!”

“Instructor, I... I want to be a... quiet girl!” Jian Qi controlled her breathing. She tried her best to make herself sound energetic.

She had no energy to mess with him now.

He did not know how to treat girls well!

“Instructor, you’re single, aren’t you?” Jian Qi smiled faintly.

Tang Jinyu looked at her. She could not see through his dark eyes at night.

Jian Qi broke into a bright smile. If one were to ignore her shaky legs, she still appeared to have gained the upper hand.

“Do you still have energy to make jokes about me? It would appear that this is too easy for you!” Tang Jinyu said coldly. Having heard what Tang Jinyu said, Jian Qi wanted so badly to argue with him.

‘Is there more?’

Did he plan to break her legs there and then?

“Instructor, are you sure that you’re not planning to train me until I’m half dead so that you can kick me out of the academy?”

“Hmm... From what I can see, you’re quite energetic. I plan to chat with you the whole night. Are you happy?” Tang Jinyu smiled and asked her. He seemed rather wicked.

“Sure... I’m happy!”

“You seem to be forcing your smile!” Tang Jinyu said.

“Instructor, your eyes are rather devious!” Jian Qi smiled softly. She was cooking up a plan. One day, she would surely not hold back and beat him into a pulp!

Tang Jinyu smiled and lowered his eyes to look at the time again. “You still have half an hour!”

Jian Qi was speechless.

‘Didn’t he say that there was only ten minutes left?’

‘Where did the extra twenty minutes come from?’

If she were to maintain that pose for another half an hour, she would surely collapse on the spot!

As such, Jian Qi became quiet. Tang Jinyu then said calmly, “Since you’re quiet now, I’ll tell you something. Listen up!”

Tang Jinyu lifted his leg and kicked her slightly lowered legs. “Maintain a proper pose!”

Deep down, Jian Qi was rolling her eyes at him. Then, she raised her legs slightly.

“You should act like a student in the defense academy. Don’t act playful or mischievous in front of me. You need to obey the instructors’ commands here. If you make me repeat myself, you’ll surely regret it!”

“Instructor, when did I not behave like a student?” Jian Qi asked.

“You need to say ‘report’ before you want to speak. Did you forget about that?”

“Report!”

Jian Qi replied calmly. “Instructor, when did I not behave like a student?”

“Did I allow you to talk?”

Tang Jinyu said stonily.

Jian Qi was speechless.

Tang Jinyu glanced at the time. “Alright, time’s up. Go back to your room and rest now!”

Jian Qi put down her legs. Her whole body was weak and had no feelings left in it.

“Instructor, you still haven’t answered my question!” Jian Qi looked at Tang Jinyu who had turned around to leave.

“Do you still want to chat with me?” Tang Jinyu narrowed his eyes with a dangerous aura. His voice was calm but it seemed to imply an upcoming danger.

Jian Qi raised her sore legs and hands slightly. If she were to do that again, she would never ever feel her limbs ever again.

Tang Jinyu smirked in satisfaction when Jian Qi remained quiet. He turned to walk away.

“Little Tang Tang, goodnight!”

Her seductive voice came behind him. Tang Jinyu stopped walking and bit his lips slightly. He suppressed the urge to turn around and give her a piece of his mind . In the end, he walked away.

Jian Qi's smile widened, as she looked at Tang Jinyu from the back.

'Tang Jinyu, just you wait and see. One day, I'll surely give you a lesson you'll never forget!'

Jian Qi returned to her room by dragging her exhausted body along with her. She pushed the door open and she was surprised to see that her three roommates were still not yet asleep.
